Description

QUICK CAT SILVER

This guy has it all! The breeding, talent, disposition, size, and color! Wiley is sired by the very popular leading sire, Metallic Cat, earner of \$637,711 NCHA, NCHA Open Futurity Champion & Horse of the Year, and producer of over \$40 million! Wiley has some substance to him and stands 15.1 hands. He's a one stop shop for a working cowboy, yet a perfect family horse. He is fancy enough for the ranch foreman, but gentle and safe for the little buckaroos! He was ridden for years on a ranch by a man in his late 70's and took care of him every step of the way. Wiley cuts a cow and is super fun to use in the sorting pens and gathering cattle. We have roped on him out of the box and in the arena. He reads cattle great with great timing and rate. Wiley is well trained in the arena with good turnarounds, pretty slow lope, deep stop and has a solid one-handed neck rein. He is great outside in big pastures with a ground covering trot and is very sure footed. He will willingly side pass to open any gate and ground ties where you drop a rein. Wiley is always gentle and has zero silly businesses to him. He's a sweet, kind, and easy horse to own. He's good with other horses and easy to catch in a pasture. He has lots of fun buttons and like most Metallic Cats, he has been a pleasure to ride and train. Go ranch, rope, cut, or have a superstar trail horse, Wiley is very trustworthy and will be your go-to partner. Please email sarahlesh@aol.com, or call Mozaun 505-470-4872 for more information.
