**Phone** (940)-765-7177

**Email** tnphtraining@yahoo.com

**Description**

DUAL LENA SPARK

PERFECTION! That's the only word that comes to mind when you see this one! Poptart is the perfect age of 4 years old, the perfect size of 14.3 hands, and the perfect color of a golden palomino...the snow white mane and tail are just icing on the perfect cake! He has a very sturdy frame to him with super heavy bone and feet for his size. His sire and dam both were successfully shown in NRCHA, AQHA, and SHOTX shows while earning both money and points. Poptart was started in a very successful reined cowhorse program and then continued his education on the ranch the last year and a half. He has a very soft way of moving, beautiful spins, huge stops, and is very cowy.

We have doctored yearlings, drug calves to the fire, as well as being started on the heel side. He has seen a lot of different country and terrain and handles it all with ease. Poptart could excel as a Ranch Rider as he is a beautiful mover and catches everyone's attention when he is going around. He saddles up gentle every day and does fine with time off if not ridden consistently. If you're not looking for a performance horse, and just want something safe on the trails, he will not only fit that bill, but you'll have the prettiest one on the trails as well! Poptart has a huge personality and loves being groomed and pretty much any interaction on the ground you can give him. He stands good to be shod, clipped, bathed, and loads and unloads without any problems. If you have any questions at all about Poptart, don't hesitate to reach out to Shane at (940)765-7177.
