Description

ALOTTA RUF PLAY

Patron (ALOTTA RUF PLAY) is a stunning, 7-year-old, AQHA gelding. Patron is a finished reiner and a great family horse! He is perfect sized standing right at 15 hands and weighing 1200 lbs. He has a beautiful head, strong back and very correct, straight legs. Patron is a finished reiner that has been shown by youth riders and done very well! Patron has a great pedigree being out of the 1 million dollar sire NOT RUF AT ALL (LTE: \$456,501). He also has Peppy San Badger (LTE: \$172,710) Smart Chic Olena (LTE: \$167,472) and Shining Spark (10 Million Dollar Sire LTE: \$62,674) all on his papers! Patron is a money-earner himself in the reining and has been successfully shown by a few youth riders. He was shown earlier this year in the reining in the 14-18 year old division. He is extremely laid-back and forgiving to his rider which has made him such an incredible horse for youth to learn on. Our kids love to ride him and feel totally

comfortable riding him everywhere. Patron does a great job at all the reining maneuvers. He has a huge stop and is very correct in his spins. He is great in his leads and always has a perfect headset. Patron would really excel in a ranch riding or ranch versatility class. He also has a great extended jog and loves showing that off. Patron is cowy and has been started in the heading. He is catching on quickly. Patron has been used on the ranch to push cattle in the pasture and to check on the broodmare band. Patron does well on the trails! He will cross water and rough terrain. He has a fantastic personality and is very patient and kind. He is 100% sound and has never taken a lame step. His video really speaks for itself! Patron has no vices or quirks. He is great to bathe, to load and to shoe. If you are looking for a dead broke horse you could do anything on and the whole family could enjoy- Patron is the one! If you have any questions about Patron please call Jared at 563-543-6355.
