Description

RT METALLIC PRIME

Allow us to introduce the gelding you will compare them all to, RT METALLIC PRIME. Prime is a 2016 Red Roan gelding that will cure that sweet tooth on owning a fancy, gentle, and broke ranch gelding. He is by indisputably, the nicest sire to ever walk the planet, METALLIC CAT. Metallic Cat had a very successful show career earning \$637,711 NCHA and has produced offspring that have earned more than \$54,000,000 and counting. It's absolutely no mistake Prime checks all the boxes when it comes to a performance horse. His dam being an own daughter of CJ SUGAR LENA earner of \$180,503 NCHA, Prime was bred to eat up a cow the day he hit the ground. Prime compliments his exceptional pedigree with an amazing disposition. He is a blue collar, working ranch horse with a white-collar sophisticated presence. Prime has been used for all aspects of ranch work, including but not limited to, doctoring wheat pasture

cattle, dragging calves to the fire at branding time, working the gate to sort pairs, gathering cattle off of big, brushy sections, and loading semi's at shipping time. Prime is the GO-TO. He travels with complete grace, always gets complimented wherever we take him, and aims to please his passenger. Prime is what we call a veteran. He travels extremely smooth in all of his gates and knows exactly where to put his feet. He's very sure footed in all kinds of terrain. Not only have we worked and made a living on this gelding, but we've also taken him on relaxing rides through the Palo Duro Canyon. Prime has been ridden in groups and majority of the time, out on his own. We can't express how nice his Ranch Horse Mannerisms are. Prime is stout to the horn and reads cattle like the back of his hand. We believe he would be an exceptional candidate to take to the ranch riding and ranch versatility classes. Prime stays gentle and broke with time off, his previous owner was a 74-year-old gentleman that started him from the ground up. He's not Choice or Select...he's PRIME! We would love to show you this special gelding before the sale. Prime stand 14.3 hands tall and weighs a full 1300 lbs. He is square on each corner, keen headed, and blemish free. For more information call Taylor at 806-654-5490.
