Description

TAMU HESA FLYNNRYDER

From top professionals to toddlers--Everyone loves Pancho! He is everything you could ask for in a partner. Stunningly handsome, from a royal family, athletic yet gentle, well traveled, gainfully employed, and of course-- he loves long walks on the beach. The only problem is...he's broke, broke, broke. Pancho is a 6 year old red roan AQHA gelding measuring 15.1 hands and weighing in at 1,080 pounds. He keeps the world's greatest quarter horses on his papers. Pancho is by the 6666's stallion, "Bet Hesa Cat," who is an NCHA OPEN WORLD CHAMPION and sire of World Champions. The legend himself, Buster Welsh, chose to show Bet Hesa Cat in Ft. Worth. Bet Hesa Cat's mother is arguably the best mare in history, Bet Yer Blue Boons (World Champion & Million Dollar Producer). Pancho's dam is a Texas A&M bred mare that puts tried and true greats on Pancho's papers including the one and only Peppy San Badger. To top it off,

Pancho wears the Texas A&M brand on his hip making him literally a walking episode of Yellowstone. He started life as a reined cowhorse. He is very cowy and knows all of the maneuvers. Pancho will lope nice circles, spin, and slide stop... bridleless. He is a top ranch horse and has roped, doctored, sorted, and loaded thousands of head of cattle in West Texas. Most recently, he has been hauled as a professional turnback horse for a top cutting horse program. He has ridden on the beaches of California to the Yellowstone wilderness of Montana. You can get any job done or ride him anywhere with a string around his neck, including the drive-through of Starbucks. Nothing bothers Pancho--from flags and traffic, to ATV's and machinery. He has sat idle for 6 months and rode off with absolutely zero issues or buck. He doesn't get hot or stupid when pushed for speed; he consistently returns to quiet. I truly believe that if you can get on him, you can ride him. However, if you are a top hand, you will love how well trained and soft he stays. He is sound, gentle, and free of any issues or lameness whatsoever. Pancho will walk up to you in a pasture, and is easy to catch, bridle, saddle, shoe, and load. He is truly a once-in-a-lifetime gelding. See him by calling Rachel Showalter 406.702.4007.
