Description

BILLY THE CODE

BILLY THE CODE is an 8-year-old bay gelding that stands 14.2 and weighs approximately 1100 lbs. He has a thick and long coal black mane and tail, with four black feet to match. Billy is one of the most conformationally correct horses we've ever owned, and his disposition is just as good. Billy is trained in the reining and does each maneuver well. His walk, trot and canter are very smooth to ride, and his transitions are easy. Billy will go as slow as you want to do each maneuver, or you can just give him a cluck to go faster. He has a huge stop too. Not only is he good to ride in the arenas but is also a joy outside as we have ridden him on the ranch up and down the trails, at the lake, and in the town traffic with ease. Billy is not only great to ride but a pure pleasure to be around on the ground. He loves people and will follow you

around like a puppy. He is great for the farrier, good to stand tied, hauls easily and is neat in his stall. Come ride him for yourself or give Matt a call @ (580) 471-5914.
