BREED - Gaited Mule

Here is the mule that everyone is looking for! Grace is willing and learns very fast. I have taken this mule just about everywhere and she does it all. Grace lays down to mount, side passes, lets you open gates off her and packs great. Name it and this mule has done it. She was shown in her younger days. Grace is the perfect mule with looks and great size standing at 15.3 hands. She is a phenomenal mountain mule, but also sets her in gait easily and clips them off going down the road. This is one fancy mule with all the bells and whistles.
