Description

METALLIC VALENTINE

Madonna is one we have really enjoyed having in our program! She is as unique and attractive as you can make one, with shape to burn, great foot and bone and a striking dark bay color with chrome everywhere! Madonna will make you look twice! Standing right at 15H, she is the perfect size to do anything you want to do horseback! Madonna is a finished ranch horse, she has plenty of run and rate and is everyone's favorite to doctor or ship on. She is no stranger to working a full day, and has those iconic ranch horse manners to show for it. Not only is this mare talented and trained well but she's purely gentle! She has the mindset and demeanor to be your families most prize leisure horse, or a top competitor! Madonna has a lot of heart and she is a tough gritty mare that always give you her all. She has a deep stop, a fancy extended trot, her spins are strong and pretty and she circles great! Madonna works a cow well and is super easy to ride, she has a lot of expression and natural cow. Madonna could also go show

and be very competitive in the ranch riding or versatility classes! She also really shines in the steer stopping! One of my favorite qualities about Madonna is how gentle and kind she stays, even when we give her substantial amounts of time off she is still the same incredibly broke, trained, and gentle soul that she is if you are riding and using her consistently. Madonna is a reliable ride that not only we have enjoyed but so have our kids. If you have any questions or would like to come try this cool mare give Cheyenne a call at 806-282-7093 or Levi at 785-531-2353.
