Description

WB'S SWEET TURBO

Turbo is a bay john mule out of a standard spotted jack and a bay/white tobiano Missouri Foxtrotter mare. His dam was a double registered mare. She was registered as a Spotted Saddle horse and also registered as a Missouri Foxtrotter. Turbo was foaled on April 7th, 2016. He is currently 6 years old and stands 15.2 hands. We owned his dam. She was just as amazing as he is. The jack was owned by a close friend and was a real sweetie, too. Turbo has been our pride and joy for a long time. He has been with us since he was about 8 months old. He has the sweetest personality you have ever seen. He absolutely loves people and loves attention. You don't have to catch him. He catches you. He tries so hard to please his rider. The docile nature he exhibits in all situations is what will make him stand out among the best of the mules in our

industry. He has always had a willingness to learn from day one. He has been rode in the arena, on the trails and at several big parades by our whole family and our friends. He is very good at obstacles and has also been rode in trail challenges. We have taken him to mule rodeos and shows, and he has done excellent. You can carry a flag on him. You can jerk your rain slicker out and put it on with no problems. He has done trail rides in several different states and cities. At some of the trail rides, we rode as long as 20 miles a day. He has an excellent work ethic to boot. He has been used for hog hunting and is good with dogs being all around him. He is extremely finished in the bridle and rides very correct. He is also exceptionally smooth in the saddle, which makes it easy on the bum. He is our idea of the perfect mule. Feel free to come to the ranch and ride him, prior to us leaving for Utah. We have great places to try him on the trails and we have an arena as well. We will arrive a little early in Utah, so prospective buyers can also ask to try him before the sale on the trails at Bryce Canyon Mule Days. He is a very special ride, don't miss out! If you would like more info, pics or videos, call Jennifer at 501-213-8594.
