**ROSABELL**

Rosabell is a beautiful, 11 year old, Molly Mule that is in the prime of her life. If her gorgeous looks don't please you, her kind and willing to please attitude sure will. Rosabell loves to be around people and would do almost anything you ask her. She has seen many, many miles on the trails and knows how to take care of her rider. She will cross logs with ease, go through mud and water with caution, goes up and down steep hills with no problem, and is absolutely safe for anyone. We have ridden her on the road as well, she is traffic safe, with big trucks and cars passing by. She always stays her normal quiet self. Rosabell has spent a lot time in the area as well. She will walk, trot and lope a nice circle and works well off your seat, moves off of legs pressure, and is soft to the bit. She has also done lots of obstacle courses and will cross any obstacle you throw in front of her such as teetering bridge, tires, noodle gates, cowboy curtains, tarps, and will drag pipes, logs, and tires around. We have also done some ranch roping on her. She will drag calves and keep that rope tight for you. If you get tired of riding her that is no problem at all, she is trained to drive as well. She will drive single or double. We have had her hooked to the manure spreader, the buggy, and a covered wagon. She will pull anything you hook behind her, Rosabell does not care.

Rosabell will get along great with other horses and mules in the pasture. Rosabell is up to date on all vaccines, worming, and shoeing. If you are looking for a mule that wants to be your friend, Rosabell would fit you. If you have any questions about Rosabell please contact Robert from Leading Rein Horses and Mules @ 740-291-7650.
