Description

WAYLON

Waylon is a friendly 7-year-old, 14.3 hand, 900-pound Dun John Mule that really likes to travel out. Waylon has a people friendly disposition and personality that makes him a willing partner in all your adventures. Waylon has shown real talent in the arena learning how to ride correct. Nice turns, stop, he rides off your leg and seat, and has a nice neck rein. Waylon has been through obstacle training and desensitization to balls, tarps, whips and dogs. Waylon has been used as a pack mule on our trap lines this winter. He is good with his ears and feet, hobbles, and loads. Easy to clip, bathe, catch, bridle and with his conformation, saddle fit is easy. He is going to make a great lifelong partner. Waylon will lay down on cue as well as side pass up to a mounting block to pick you up. At just seven years old, this boy has a lifetime of adventure and potential ahead of him. With his good looks, great conformation and willingness you could go in

any direction with him. As with each of our sale mules, we encourage you to watch his sale video and call with any questions. Each of our mules sell with the option of a free clinic at our facility to ensure a smooth transition to the new owner. If possible, we also encourage you to test ride before the sale. Just call or text Shawn 208-221-5544 or Nellie 406-560-6301 or reach out by email at petersenmulecompany@gmail.com.
