## Description

### GOLDIE

Goldie is an 8-year-old, big, solid built, 15 hand, 1000-pound Palomino Roan Molly Mule with excellent conformation. She is an easy-going girl with a lot of trail miles both riding and packing. She has been used on our trap lines, to haul supplies as well as lead a pack string. Goldie enjoys a day of work on a cattle roundup, a day in the rocks or a leisurely trail ride. She is as beautiful of a mule as you can find with her unique palomino gold and roan coloring. Goldie has been desensitized to a variety of things including dogs, tarps, balls, whips, etc. She stands for you to mount from the ground or will step over and pick you up from a mounting block. This is a safe and sturdy girl with a nice neck rein and good stop. She will back and turn correct and has a nice side pass. Goldie has been trained in arena work and enjoys showing off those skills as well. She will lay down on cue and will be an excellent addition to your family. Goldie is good with her ears, easy to clip, load, hobble, shoe, catch, and bridle. Saddle fit is a breeze with her conformation. As with each of our sale mules, we encourage you to watch her sale video and call with any questions. Each of our mules sell with the option of a free clinic at our facility to ensure a smooth transition to the new owner. If possible, we also encourage you to test ride before the sale. Just call or text Shawn 208-221-5544 or Nellie 4060-560-6301 or reach out by email at [petersenmulecompany@gmail.com](mailto:petersenmulecompany@gmail.com).
