Description

CAKE POP

Cake Pop is the pony that will steal your heart! Kind disposition, sweet personality, and the patience of a saint make up this cute, handy sized pony! At just 6 years old and standing 11 hands tall Cake Pop is one of the most adorable ponies we have had the privilege of owning. He is everything you would want for your child's best partner in crime. Broke like dad's big horse, with more whoa than go and still being extremely gentle make him the perfect match for any age of kid, especially the timid beginners! Every time you go to catch Cake Pop he meets you at the gate and has the same mindset and manners as always and requires no extra tuning or training. A rare find in a pony! Cake Pop is an absolute saint in and out of the arena and will provide your child with years of safe equine experience. Our 6 year old daughter Saylor has put Cake Pops patience to the test! He will tolerate hours and hours of grooming and playing and will ride off anywhere you point him, whether it's saddled and bridled or bareback with a string! He is the type of pony the builds confidence to even the most timid children. We have hauled Cake pop along to every rodeo, team roping or ranch rodeo we've been to. He is the baby sitter that keeps our children safe and entertained in all the chaos! Cake Pop has a smooth walk trot and lope, guides around light and soft and

has a perfect stop and reverse! Saylor has also carried the American flag on him and frequently rides him through our home town to the store for sodas and candy. This incredible pony has been rode all over the Palo Duro Canyon crossing water, logs and rides right by busy traffic flags and tarps and never misses a beat. He is the picture of safety and reliability! If you have any questions please give us a call Cheyenne 806-282-7093 or Levi 785-531-2353
