**Description**

**HICKORY SNIPIT**

Munchkin is cute and curious and turns heads everywhere she goes. She is friendly and gentle and at just 13.3 1/2 HH she is sporty, quick and capable of doing the job of any average sized horse. She is 11 years old and has been used in all aspects of ranch work. She is great to gather, sort and brand on, has been ridden in all types of terrain, rocks, mountains and water and she is confident and sure-footed. She has been in parades, done a little hunter jumper training and hauled to rodeos. She would be an outstanding high school or junior rodeo horse, is solid in breakaway, heeling and pole bending and has been stepped off of for goat tying. She has Reined Cow Horse

training, she lopes nice circles, spins, has a big stop and is great at turning a cow going down the fence. Her sire CALL ME DOCS HICKORY, is an NRCHA money earner. Her grandsire, DOC'S HICKORY is an AQHA High-Point cutting stallion and his offspring have earnings of nearly \$20 million in cutting, reining and cow horse events. Munchkin has had lots of different people ride her, is great to catch, is respectful on the ground, stands to shoe, hauls great, and enjoys a bath and grooming. She has never had any lameness issues and is ready for whatever you have in store for her.
