**Description**

PICHON GUNNERS CHIC

Headlights is a 6 year old Gelding in the prime of his life! Super sweet natured and always aiming to please regardless of what we ask. He is a gorgeous Rabicano Roan with a bright white tail, flaxen mane, and classy bald face. An elegant mover in the arena with reining background as well as some western pleasure training. Headlights is incredibly smooth gaited. Unique in the fact that he will ride on a loose rein and softly jog or lope circles with a relaxed demeanor, yet when we are outside on the ranch he has a big ground covering stride capable of outwalking most any other horse. He gets through the down timber, rocks and brush with ease and willingly crosses the water, bog bridges, and whatever else we may encounter. We have used him moving cows, putting salt out, branding calves, sorting pairs, and trail riding. A truly versatile horse that has done a little bit of everything! He has even been patterned on barrels and poles with plenty of ability to do it all. He meets me at the gate every morning with a

little nicker, full of personality and ready to tackle whatever the day might bring! Very gentle. Polite to shoe, bath, haul, stand tied, etc. Stands 15.1, weighing 1100# with lots of chrome. A Beautiful Boy that turns heads no matter where you take him. Sired by a son of COLONELS SMOKING GUN and has SMART CHIC OLENA on his papers top and bottom both. Headlights is destined for a place of his own in the performance world. Please contact us with any questions or to schedule a time to meet Headlights prior to the sale! [208-221-1090](tel:208-221-1090) See you in Vegas!
