Description

THE KNIGHT ERRANT

KNIGHT ERRANT : (a galant medieval figure who would wander or rove the countryside in search of quests or ladies/children in distress). True to his name, this handsome gelding has all the humble qualities of a chivalrous gentleman! Rover is a 9 yr old sturdy 15.2 Blue Roan Quarter Horse Gelding with absolutely unmatched eye appeal

that will get you noticed anywhere you go! Plenty of size, bone and foot to handle any rider or terrain! Rover was raised on a working ranch in North Texas long-trotting fence lines and doctoring cattle. However, make no mistake this guy has seen the bright lights of the city cruising through town, spending late nights at roping pens, the chaos of ranch rodeos, and has been hauled across the US. Rover has the been there-done that mentality that makes every ride enjoyable and stress-free. He will pick up and go when asked but prefers the pleasant speed of a walk or his silky smooth jog. Side passes to open and close gaits, won't leave you stranded if you dismount on the trail, rides out on a loose rein alone or in a group. His education doesn't stop at the cattle guard either... you can head, heel, or even breakaway! Lopes correct circles, takes both leads with ease, turns around quietly, and has a solid stop. Fancy enough to show in the ranch classes or carry you valiantly through an obstacle course. If you're feeling classy, you can even throw an English saddle on him and dance around the dressage ring or hack across a XC field! He has lovingly chauffeured his favorite 3 yo little boy on long cattle drives, around the yard bareback, as well as casual Sunday family rides. He crosses logs, water, ditches, mud bogs, and steep banks with ease and confidence. Un-phased is an extreme understatement... Does not have a spooky, flighty nature and has the most affectionate, willing-to-please attitude you will ever come across! An absolute dream to have in the barn whether stalled or turned out he will always greet you patiently at the gate. Stands like a statue for the vet and farrier, loves a good soapy bath, loads, ties, clips, and gets along with every horse, donkey, mule, cow, barn cat, ranch dog, kid, and stranger he meets! Sane, sound, and honest every single day! Located in Weatherford Texas with shipping available WORLDWIDE! You have to meet him to appreciate how truly special this horse is... let him be your knight in shining armor! Please reach out to Jordan Brown of Cactus J Horse Co at [\(502\) 565-6621](tel:5025656621) to schedule a time to come meet this hunk!
