Description

BAMBI BEAU CAT

Bo came to us about a year ago and quickly became the barn favorite. Standing 15h, he feels and looks bigger than he is. Bo has a very cool way about him, living up to his cutting bloodlines, he naturally wants to squat and crawl, smooth as glass, getting where he needs to get and making it feel effortless. With limited showing in his 3 yr old year, Bo collected over 11K in NCHA earnings and has retained his training well. He has been our go to for teaching people new to cutting or working cattle, just what it is supposed to feel like. Our goal with Bo was originally to make a rope horse out of him and he has been started in that direction, mostly doctoring and branding but he has

also been tracking the dummy quite well. Bo has taken to everything we have shown him and proven very easy to teach, learning all the moves a bridle horse needs to perform; slides, spins, and lead changes. At 6 yrs old, he is just coming into his prime and is ready to go whatever direction you might want. He could quickly be tuned up and go to some weekend cuttings, or finish him off and start competing in the bridle. He also took right to roping and would excel on either end. He has been the same horse everyday, in every situation we can think to put him in, never getting excited or over reacting to new challenges. His flashy markings always turn heads and Bo gets more compliments than any horse in our barn. He has a sweet personality, always meets you at the gate and enjoys being pet on. He is easy to bath, clip, shoe, haul, and doesn't require any special maintenance. He does have a small splint on the inside of one front leg. He came to us with it and it vetted as just a cosmetic blemish. You really can't go wrong with this quiet, flashy, and talented gelding.
