**Description**

ONE RITZY MITCH

True happiness is found on the back of Ritz. Riding Ritz is hands down one of the most fun things you can do in your life. He is not only talented and smart, he has a willingness to please that you don't find in many horses. He is the kindest, gentlest horse around with a HUGE personality. He is quite the comedian really and will follow you around like a golden retriever. Ritz is an own son of the great stallion CALL ME MITCH who is the one of the top 2 NRCHA highest earning reined cow horse stallions and still showing. CALL ME MITCH has LTE of \$469,000 and is the champion of the NRCHA Worlds Greatest Horseman in 2023. This amazing stallion passed on all of his

great qualities to Ritz. Although he shares some great qualities from his sire he is out of the dam CRACKERS ON MY LIPS (LTE 10k) who is also a money earner down the fence, and has been shown in the boxing, reining and cutting. He has the talent and brains to do anything you ask. This gelding is more than just well mannered and extremely gentle he is exceptionally trained in the arena. He has been in reined cow horse training and does all the maneuvers. He has a huge sliding stop, spins good, and he circles great. He has very nice lope departures with a ton of body control. Does flying lead changes with ease. He is extremely soft, you can move any part of his body wherever you want at any time. The best part about Ritz is you can ask him for all he's got and pitch him is head and he will walk around on a loose rein without ever getting rattled. The combination of pure talent, and disposition in this horse is truly hard to find. He has such a huge heart and a ton of try. This gelding will try to do anything you ask of him and more. Your jaw will drop when you work this gelding on a cow. He is very cowy and loves his job. He would excel in the cow horse, reining, roping or sorting pens. He has been started in the roping this winter and is coming along nicely. Although Ritz is an amazing talent in the arena he rides like a true gentleman outside. He is an absolute joy to trail ride and takes everything in stride. He is happy to walk out on a loose rein and goes where you point him. We cannot brag about this gelding enough. He is crazy smart, very talented, and extremely versatile. We don't think there is anything this amazing young gelding can't do, and everything he does he does with style and grace. Ritz is 14.3 hands tall and 5 years old. He has been a pleasure to own and a blast to ride. Come see Ritz for yourself before the sale and take him for a spin. You will not be disappointed! Make sure to give us a call at [507-951-7880](tel:507-951-7880) with any questions or to set up a time to come meet Ritz before the sale. We love this gelding and know you will too!
