Description

DD COW TIPPIN DIESEL

Let us introduce you to our horse that we call Diesel. Diesel is a 2020 AQHA Grey gelding that stands a solid 15.1 hands tall. He is not only wonderful and easy to ride but also equally well trained to drive. He came into our program and outperformed at each obstacle. He really has that heart of gold and wants to please in all that he does. He has three very easy to ride gaits and is an exceptionally smooth ride to top it off. He can be ridden in an English saddle or a western saddle or if you prefer he can go bareback as well. Diesel has been on numerous trail rides and others have borrowed him to take on rides and overnight camp outs as well. We know that he will always take care of his rider, so we pick him out when someone wants to borrow a horse for the day. He will ride out alone right off the farm. He goes through water no matter how

deep or fast moving. He crosses bridges and is easy going in traffic as well. He has been kept outside and in a stall and does not have any bad habits at all. He is wearing shoes all around because of where we ride, and he is always a gentleman for the farrier and vet when they come. Diesel has seen a lot of different types of animals on the farm and in the woods. Nothing seems to faze him, and he will trailer to any new place and come off the trailer the same each time. We know that Diesel will be that awesome, fun to ride horses each time you get him out no matter how often or how little you ride him. He will fit into any program without complaints. If he is the horse that you are looking for, please give Duane Yoder of Buckeye Acre Farm a call for more info on Diesel at [330-231-2324](tel:330-231-2324).
