Description

GUNSMOKEINTINSELTOWN

Talk about a show stopper! This young gelding is absolutely gorgeous, with as much shape as you could dream to put on one, and gentle to boot. Rock lives up to his name as he is definitely rock solid. He stands 14.3 hands tall and is as stout as they come. He is 4 years old with his entire life ahead of him. This gelding has a truly kind personality and is an in your pocket type. Rock has an outstanding pedigree as he is an own son of SMOKIN AMMO(LTE \$7500 & OE \$76,500) who is by the great COLONELS SMOKIN GUN [Gunner] (NRHA Futurity Reserve Champion with NRHA LTE \$173,728, and sire of offspring with over \$13 million and 3,132.5 AQHA points earned to date, including 5 World Championships, 8 Superior Performance Awards, and 89 Performance ROMS). Not only is Rock royally bred on the top side he is out of an own daughter of WIMPYS

TINSELTON (LTE \$86,263). Rock has a full year of professional reining training and does all the maneuvers with ease. He has gorgeous lope departures, a nice stop, and an awesome turn around. He changes leads with ease and is gorgeous in his circles. This gelding would make an awesome non pro Reiner, or go show him in the ranch versatility classes. Rocks resume does not stop there, we have started Rock in the roping pen. He has all the ability to become a big time rope horse, and the foot, bone and substance to last a lifetime. This kind young gelding is also good to ride outside down the trails or on the ranch. He is quiet and confident outside where he crosses every obstacle in his path and takes everything in stride. He is used to commotion and has been hauled to see the bright lights of town. Rock is a gentle soul that really wants to make his rider happy. We believe that Rock is an outstanding individual, and you won't see one bred or made like him on every street corner. We would love for you to meet Rock before the sale and take him for a test ride. Please give us a call at [507-951-7880](tel:507-951-7880) for any questions you might have about Rock. He has the training, mind, ability and personality to go in so many different directions. Everyone that comes to our barn notices Rock right away and he is sure to get peoples attention.
