Description

PEANUT BUTTER CUP

Peanut Butter is a 2015 registered Quarter Pony Gelding standing a solid 13.1 hands tall. This cool pony has a resume a mile long! From hard work at the feed yard to pulling a cart, to horse shows, and easy weekend trail rides Peanut Butter has seen it all and has the confidence to take anyone anywhere no matter where you want to go. He not only rides amazing, but he is as equally as good of a driving pony too. Peanut Butter has a heart of gold and will go out of his way to please you. He has been on overnight moonlight rides with big groups of people, he has seen different terrain of trails all over the country and never misses a step. Peanut Butter is also big and handy enough for an adult to use! He's spent many days at the feed yard tending to sick cattle and shipping cattle off. Peanut Butter's wonderful mind is what makes him that

one in a million horses to have around. He is a horse that you can know that will always be the same each and every time you get him out. He does not get upset or worried about anything and will always take care of his rider or handler. Our kiddos have no problem catching him out and crawling on board for a little joy ride! He has been around all kinds of different animals on the farm and out in the woods. He does not get excited about anything and is always up for a new adventure. Peanut Butter will go English, western and even go bareback and bridless. He has a good neck rein and also direct reins as well. He has been on the busy roads with heavy traffic and also goes through the woods alone and will cross creeks, rivers, go over any bridge and will lead or follow with no issues. He has been ridden double and more and does not mind any of the fun things that children do. If you have any questions or would like to come try him out call Cheyenne [806-283-7093](tel:806-283-7093) or Levi at [785-531-2353](tel:785-531-2353).
