Description

MAYBELL

We are offering a beautiful 6 yr. old bay roan molly mule named Maybell. She is registered in the NASMA. She stands 15.1 and she is a big boned stout mule that has good feet and good confirmation. She was born in the rough country by Yates, New Mexico on a ranch that was homesteaded in the 1880's. They have been raising and using mules on the ranch for a long time. Her dam is a red roan grade mare that they used on the ranch. Her sire is Dun It Again, whom we own. Maybell was sent to us in Nov. 2022 to continue her training. Our farrier said Maybell is one of the best standing mules he has ever trimmed. She loads on the trailer easily, just open the door and she jumps in. She has been ridden and packed in the Colorado mountains for hunting season. We have taken her to the NWSS in January 2023 and she is going again this January 2024. In 2023 NWSS she was entered into obstacle competitions and the costume event. We have ridden her in rough country moving cows to the summer

pasture. She crosses water, goes over logs, through the aspen trees, handles the rocky terrain very well. Maybell works off leg pressure, and is starting to one hand neck rein. She has a decent stop and backs up well. She is very easy to catch, she will come up to you in the pasture or the corral. She trots diagonals, side passes, pulls logs, and heavy arena drag. She is good around a rope, you can catch each foot into your loop. We have worked her on a mechanical cow, followed a roping dummy that was pulled by a 4 wheeler, while we roped the back feet. She is good with tarps all over her body. She ground ties and will pick you up from off a fence, trailer, mounting block, even a tail gate of a pickup. We pop a whip off her, and has been in a mounted shooting contest. We have even stood up on her while swinging a rope. We have given Maybell a solid foundation, that she will be able to go onto any variety of disciplines. Please call, text or email for any more pictures, videos or questions about Maybell.
