**Description**

Your Dream Horse is Here! Diamond is a stunning 5-year-old AQHA gelding who stands 14.3 hands tall and is as dependable as he is beautiful. With his sweet puppy-dog personality, he loves all the attention you can give and thrives on building a strong bond with his rider, making him a joy to work with and be around. Whether you are looking for a safe mount for a beginner or child, or a dependable partner for ranch work and trail rides, Diamond fits the bill perfectly. He's been ridden on busy state roads, where he's completely traffic-safe, and has handled creek crossings, cows, and varied terrains with confidence and ease. His three smooth gaits, especially his incredible lope, make him a dream to ride and will have you wanting to spend all day in the saddle. Diamond is incredibly versatile—he transitions seamlessly from ranch work to trail riding and excels in the arena, where he picks up his leads effortlessly and responds with precision. Desensitized to obstacles like tarps, jugs, and even bullwhips, Diamond has proven his calm demeanor and level-headedness repeatedly. He even

knows tricks like laying down, adding a fun and unique flair to his already impressive resume. Diamond is always eager to learn, with a willing-to-please attitude that makes him a joy for riders of any level. Diamond is up to date on all his vaccinations and deworming and wears shoes on all four feet due to the terrain where he is ridden, so he's completely ready for his new home. Whether you want a horse for ranch shows, trail riding, or just a dependable, loving companion, Diamond is the complete package and is ready to meet you. If Diamond sounds like the horse, you have been searching for, please call Duane at 330-231-2324 to learn more or to schedule a visit to see him in person. He is ready to steal your heart and be your next perfect partner!
