**Description**

Jasmine is as beautiful on the inside as she is on the outside. A classy mare with an undeniable presence and exceptional quality. Standing at 15.3 hands, she boasts impeccable conformation—balanced, correct, and built to impress. Not only is she a pleasure to look at, but her wonderful personality and strong character make her a joy to have around the barn. Jasmine's sire is FRENCHYS SMOKIN, sired by the infamous FRENCHMAN'S GUY and out of a beautiful draft cross mare. Jasmine is extremely well-trained, with a fluid, graceful movement, and a natural feel for her rider. She's been used for a variety of tasks around the farm, from moving cattle and checking fences to safely carrying green riders on trail rides—she rises to every challenge with ease. Her handle is top-notch, performing lateral maneuvers, pivots, and always taking her leads with ease. She floats and hits the ground so softly in her transitions. Whether riding into collection or on a loose rein, Jasmine carries herself with natural balance and poise. She is a seasoned traveler, accustomed to new places, country settings, and busy arenas. No matter the surroundings, Jasmine maintains her calm and confident

demeanor, adapting seamlessly to any environment. She's been hauled to overnight events and is always the same—never worried by other horses, animals, or new experiences. Her “go with the flow” attitude makes her the ideal partner for a variety of disciplines and riders. Jasmine has also been ridden in English tack, and we believe she has the potential to excel as a high-end dressage or hunter-jumper prospect. She already possesses the body control and willingness to succeed in either direction. Her natural feel and ability continue to impress, and we are confident she will make someone's dream horse weather your a casual hobby horseman, trailer, rancher or serious equestrian we are confident that Jasmine will be your match. Come meet her and experience her exceptional qualities for yourself! (618)-535-9966
