**Email** lonibdamboise@gmail.com

**Phone** (863)-381-1271

**Location** FL

**Color** PALOMINO

**Description**

LAICOSPARKAFIREWATER – Dijon is a 2019 AQHA Palomino Gelding by LAICO LADIESMAN out of IVORY BUBBLES by KY FINEST FIREWATER who is by the legendary FIREWATER FLIT. LAICOS LADIESMAN has sired over \$66,000 in Equistat earnings. FIREWATER FLIT is a sire of money earners of over \$5 million with Futurity and Derby champions for 3 decades! He was also the nation's leading maternal barrel sire of the decade. Standing at 15.1 hands and weighing 1200lbs, Dijon is the ideal performance/trail riding horse. He has a very loving, kind personality and loves people. As a two year old, my husband and I bought Dijon with 30 days of riding and began using him on the ranch. Dijon has been used for all aspects of ranch work such as gathering large pastures, sorting in the alley way, roping and doctoring cattle, dragging calves to the fire at branding, and halter breaking colts. He walks through water, opens and closes gates, and has seen all aspects of wildlife and never bats an eye. Dijon is on his way to

becoming a competitive barrel horse. With very limited runs, Dijon has placed in the 2D and 3D at local jackpots and continues to get faster. He has a very fun roll back style that is easy and fast. He also has a great start on the pole pattern! With his great composition and speed, Dijon is making an exceptional head horse. With a limited amount of heading training, Dijon scores great, runs to the cow, and has a nice move in the corner followed by a fast face. He is going to be a phenomenal head horse! Dijon has been rode bareback and with an English saddle. With a few smooches he will even come and pick you up off the fence or trailer! Dijon is a stellar gelding with a bright future in the arena. He has been hauled all across the country, eats and drinks on the road like a champ, stalls with no problems, and is an easy keeper. Please contact my husband Jake Goddard at 406-208-6849 or myself Loni Goddard at 863-381-1271 with any questions or concerns regarding Dijon.
