Height 14.2

Location OR

Description

ICE

Ice is an 8 year old 14.2 hand champagne colored john mule. You will not find a more kind mule than this handsome, uniquely colored guy. He is excellent on the trail and very smooth to ride. If you practice a little, you will be able to put him in a wonderfully smooth singlefoot gait that he can do all day on flat ground. But, his talents don't stop there. Ice is fearless on the trail and will cross any kind of rough terrain safely and carefully. He does not hesitate to cross running or deep water and will walk right across bridges, even narrow foot bridges with handrails. He has a nice neckrein and will walk at the speed you ask. We have thrown a rope and drug a log on him and he was just fine with that. He has moved, gathered and sorted cattle numerous times. We have used him for elk hunting in Eastern Oregon, used him to pony colts and trail rode him in the canyon country of Southern Utah. He was started under saddle by a young

trainer in the Midwest and has been ridden on the trails around Yellowstone and in the Big Horn mountains of Wyoming. He is sweet and patient and appreciates being groomed. He is excellent for the farrier, good to clip and bathe and loves to be pampered. He is gentle and polite on the ground and he has no issues with his ears. He has no problem with busy dogs on the trail or in the barnyard. Ice is a good, solid trail mule at just the right age and just the right size with just the right combination of experience to go on and be your next lifetime trail partner. He has a current Coggins and a new set of shoes. If you would like more information or would like to meet Ice at our ranch before the sale or during sale week at Bryce Canyon Mule Days, contact Pam Fournier at 541 280-5077
