Description

Dolly is an all around, great minded mule with the right build. She's ready to go any direction you point her in and has been an outstanding pack mule on our string. Dolly does great with other mules and is an experienced pack mule. She's seen blood and different kinds of game – nothing bothers her – she stands perfectly still to load her up. Any level of rider can crawl on Dolly – she doesn't mind! We've chased hound dogs on her in the wilderness and we've packed her in with the camp. Dolly doesn't care, she's ready for any of it. Dolly has been in parades and is awesome with kids. She loves to be petted on and would be a great fit for any family or program. Dolly is the type to be the first one at the gate in the morning and is very easy to catch and halter. She is also very easy to shoe. We've worked cattle on her and gathered in some rough country and Dolly has always gotten the job done, regardless of the situation. For more information on Dolly call Matt @ 605-695-4797.
