Description

La Chona is a 6 year old molly. Standing at 14.1H, she is extremely well tempered, safe, and suitable for any level of rider. She has been outstanding when it comes to ranching, packing, roping, and letting the kids ride. The kids climb on her and enjoy riding her to improve their confidence. She will cover any country without hesitation whether it be water, mountains, arena work, ranch work, packing or hunting. She can lay down whether that be with a rider atop her or with cues from the ground. She is an easy keeper, and gets along well with other horses/mules. She has been rode by our one year old, our four year old, my wife and myself and is great for all levels. She stands great, and is good with her feet. She is easy to bridle and has no quirks on the ground or riding. We trust this molly with our kids, and can confidently say she is bombproof. She is willing to do whatever is asked of her without fuss. She is a one of a kind mule, and has been such an asset to our string of mules and horses. We have pulled calves on her, and she works the rope great. She is beautiful and built great for her age. She requires no maintenance and is an all around joy to have around. Do not

miss your opportunity to own this once in a lifetime mule. For any further questions, do not hesitate to reach out to Pedro Egurrola at (520) 419-7035.
