Description

Delilah is a 12 year old 14.3 hand molly mule. If you are looking for that once-in-a-lifetime gentle mule, here she is! Delilah is that mule that everyone dreams of, she is handy on the ranch and absolutely safe for the entire family. She is always the first to meet you at the gate and will follow you around like a puppy. She makes everyone she meets smile with her sweet inquisitive personality. Delilah is accustom to all types of terrain and is very surefooted on the trails and easy to maneuver through obstacles. She will lead or follow on the trail, is great with dogs, not bothered by other horses/ mules running around, tarps, balls, flags and traffic. Delilah is extremely smooth,

making for a comfortable ride that is easy for any level rider. She is an uncomplicated mule and can be turned out for long periods of time, saddle her up and she will be just as gentle, quiet and safe as if you rode her everyday. Delilah would make a solid, sturdy mount for someone lacking confidence. She is good around cattle, has been overnight camping and hauled around to different riding areas. She is great in the trailer, good with the shoer, easy to clip and bathe and lets you play with her ears. Delilah will side over to a mounting block and stand perfect to get on. She lopes nicely, moves off your leg, neck reins and side passes well. If you are looking for dependable everyday this is your mule. For more information or to come and meet Delilah call or text Shauna at 541-226-8994 or email sunriseperformanceshorses.llc@gmail.com
