Description

8 year old John mule with great temperament. Casino has been outfitting with hound dogs and packing in and out of the Gila National Forest. Casino has experience ranching, gathering cattle in tough terrain and on top of all this he can sit in the headers box just right and has been used to break in fresh steers. Casino is a great fit for any rider. He has always stayed cool and collected in tough situations. You can also ride him bareback and will fit any novice rider. Really, really nice mule worth taking the time to look at. For more information on Casino call Matt @ 605-695-4797.
