Year 2016

Gender MOLLY

Color RED ROAN

Height 15.2

Location OR

Description

Rose is a big, stout 9 year old molly mule who is a true red roan. She is out of an AQHA mare and by Texas Wrangler, a son of the great Scooters Choice and a grandson of Texas Scooter. She is a good sized, substantially built molly at over 15 and a half hands and about 1100 pounds. She is all business and is solid and reliable on the trail. She is very cowy and would be an asset to any ranch. She will cross anything on the trail – water, bridges, rocky ground or deadfall, and is careful and steady. She will walk at whatever speed you ask. She loads and hauls good, is good for the farrier, good for baths, good about her ears and good for clipping. Rose has a horse-like handle with a nice lope, a great turn around and a good stop. She knows her leads and leg cues and neck reins well. She was started by an Amish trainer as a 2 year old and we continued

her training as a 3 year old and onward. We sold her to a gentleman about 3 or 4 years ago who used her at horse shows, for trail riding and to move cattle. Unfortunately, he was no longer able to ride for health reasons and we were happy to be able to buy her back early last year. We have expanded her experience, using her for elk hunting and trail riding in Eastern Oregon and the Salmon River Country of Idaho and in the canyon country of Southern Utah. She has proven herself as a reliable and brave trail mule, even after many months off due to no fault of her own. Rose would be a great mule for a serious trail rider or hunter. Like most mules, the more you use her, the better she gets. If you have a job to do with your mule or just want to cover some country, Rose would be a good choice. She is up to date on dental, vaccinations, deworming and hoof care. She has a current Coggins and a new set of shoes. Come try her at our ranch or during sale week at Bryce Canyon Mule Days.
