Location OR

Description

Gin Gin is a 6 year old 12.3 hand Molly mule. She is probably one of the coolest little mules we have ever owned. She is definitely that special one-in-a-million. Gin Gin has a super easy going disposition that anyone can get along with. She has been ridden all over the mountains, through obstacle courses and is absolutely willing to try anything!

Gin Gin is an easy uncomplicated pony mule that knows her leads, neck reins, has a great stop, back up and moves off your leg. She saddles easily and is even easier to hop on bareback! Gin Gin has roped live cattle as well as the dummy, doctored cattle outside and been healed on out of the box a few times. She crosses water, bridges and deadfall, will ride alone or in a group. She is your jump on and go type, no warm up required. Gin Gin stays gentle with time off, she is easy to catch, good with her feet and ears, she even lays down on cue! Gin Gin is easy to clip and loves to be groomed, she jumps right in the trailer, hauls easy and doesn't mind new places. If you are looking for a little mule with a big heart look no further, she will make her next kid very happy. Please contact Shauna at 541-226-8994 or sunriseperformancehorses.llc@gmail.com for more information or to come and meet Gin Gin!
