**Description**

Got My Guns A Blazin is a 5 year old 15 hand AQHA gelding. Blazin is a grandson of Colonels Smoking Gun who has progeny earnings of over 16 and half million. His sire Got Guns A Blazin is a money earning stallion out of a daughter of Shining Spark. In addition, his bottom side is packed with top level performance horses - Smart Little Lena, Topsail Whiz, Hollywood Dunit. Blazin was bred, raised and trained at Troy Jensen Cutting Horses and spent about 6 months in cutting training. He is proficient in all the reining maneuvers with a good turn around, a great stop and a solid lead change. Blazin is handy and fast and wants a job but he is a gentle and personable gelding and loves to be groomed, petted and handled. He is extremely cowy, and has potential as a reiner or ranch rider, a cowhorse, a rope horse, a calf horse, a breakaway

horse and even a gaming horse. With his wonderful personality he would make a great all around high school rodeo horse. He is poised and ready to go a variety of directions with the potential to be a competitive performance horse. He has no blemishes or scars and has a current negative Coggins. Blazin is 5 panel negative and up to date on vaccinations and health care. He is easy to shoe, loads and hauls great and good for the vet and vaccinations. The sky is the limit for this nice gelding. All he needs is to be paired up with the right person. We are happy to show him via video call or in person here at our ranch in Oregon. Inquire about help with transportation, we may be able to provide transport and have several reasonably priced and reliable shippers we can refer you to. Getting him home for you to enjoy will not be a problem. If you are looking for a well bred, good looking, talented, broke, gentle gelding, Blazin would be a great choice! He's 5 panel negative. We are located in Bend, Oregon. Please contact Pam Fournier for more information. 541 280-5077 or [fourniertraining@gmail.com](mailto:fourniertraining@gmail.com)
