Description

Ride like the wind, Bullseye! And that's just what he does! Here's the fastest, biggest hearted pony you'll find on the market! Carting, English, Western, Eventing & Ranching. If you have a kid with a need for speed, and too much energy, place your bid now! This is the pony for them! Cattle, pigs, goats and dogs run right with him and he doesn't bat an eye. Good with ropes, bull whips and gunshots. LOVES to pull the buggie. Bullseye is 100% safe to be around and ride, but is not a beginner pony, just because of his strong will to GO! Although he has a lot of go, he will stand quietly when asked! Very patient while tied and is not pony acting! Bullseye is not spooky and will not get fresh. He has previously been in an English/Jumping barn where he was taken to some local shows and did very well. He will jump anything you point him at! Bullseye is absolutely easy to catch, load, haul and bathe! He will be the boss in the

pen at feeding time. Sound no bumps or blemishes and solid feet. We will set up shipping for you! Bullseye is located in Cisco TX. 360-523-8090
