**State** ID

**Description**

**HQH PIPER**

HQH Piper is out of one of my favorite mares, HQH Persephenie, a massive buttermilk buckskin who always throws me an awesome colt with a great disposition. Piper should mature around 15.2H, she has big all black feet the will hold up well. Her sire, HQH Whiskey Warrior is a 15.3H beautiful blue roan stallion. He has such a fun personality, he is gentle and sweet to be around and has plenty of cow. His top side boasts many Superior Rope horses from the Pitzer Ranch. His Sire Wolf Creeks Joe Buck stood here on our ranch for many years, he was Clint's all time favorite rope

horse! Piper is bred to be fast and smart. You will love her cute personality, she is eager and willing to learn, she is spunky but gentle. I would bet that she will take you far in timed events, or be your best color producer!

**Quantity: 1**
