Description

Meet Ginger, AKA My Voodoo Star! Ginger is a drop dead gorgeous 2018 AQHA mare standing at 15 hands and weighing 1100lbs. She is sired by Shiners Voodoo Dr, a 5.3 Million Dollar Sire. Her dam is Starlite Whiz whose LTE is \$9961 and PE \$39750.00. Ginger is a finished Reining horse that has packed a green and rookie rider for the last 3 years. She was trained by a reputable Open Level 3 and 4 rider. Her LTE is just under \$3000! Ginger is an uncomplicated ride. She can plus every maneuver, and she is a very pretty mover. She knows her job but she can go any direction! Ginger is incredibly athletic. She would excel in Ranch Riding, ranch pleasure, VRH and all-around events. She has just been started on the ranch discipline and loves it! Everyone that has ever rode her, loves her. She is light on your leg and very soft in the face. She will always

match your pace and will not do more if she feels her rider is not capable of more. However, if you ask her for more, this mare has so much heart and grit! Not only is she a blast to ride but she is a doll on the ground. She has impeccable ground manners. Loads and backs out of the trailer, stands tied, great for the farrier, zero vices or bad habits. This mare loves to be pampered and loved on by kids and adults alike! She has a lot of bone and great feet. She does not have any history of lameness, and she does not receive any Maintenance. Ginger has never been bred but she would make an awesome Momma one day with some fancy babies. This is a hard one to let go. Whether you're looking for a been there done that Reiner that you can go show tomorrow, a fancy broke trail horse, an all-around dream horse or something you could take home, train on and go WIN the ranch riding stuff on, this is your mare! Guaranteed sound! For more information, contact Alicia at 406-580-0101.
